BluGuitar
TONE INNOVATION

AMP1™ MERCURY EDITION

AMP1™ MERCURY EDITION

www.bluguitar.com

Equipped with:
- More tightness through all overdrive channels
- More punch and bite for high-gain-sounds in the Classic and Modern channels
- Greater dynamics in the Modern channel for contemporary metal tones
- Redeveloped reverb algorithm for adding even greater dimension and depth to your guitar sound

Features:
- Switchable and adjustable Boost and Reverb controls
- Three integrated footswitches
- Truly outstanding Speaker Simulation output for recording as well as headphone output
- Modern, boutique tube amp performance in an incredibly compact, light and easy-to-transport unit
- Simple-to-use interface so you can plug in and play, and sound great, from the first chord
